

Belmont Hazard Mitigation Plan Update Committee

December 2, 2019 10 AM - 12 PM
Corner Meeting House
Sargent Street, Belmont, NH

FEMA

AGENDA

The focus of this process is **mitigation**, which is action taken to reduce or eliminate long-term risk to hazards.

Mitigation is different from preparedness, which is action taken to improve emergency response or operational preparedness.

1. Introductions
2. Critical Facilities
 - a. Any changes needed to Critical Facilities and Natural Hazards Map?
 - b. Appendix D (p A-19-A-30) – updated list needed from town
