BELMONT -- A new showroom at Baron's Major Brands will be the site of a New England Cable News Network TV Diner segment which will be filmed tomorrow from 5 to 7 p.m. The show about New England dining is hosted by Billy Costa and will be aired later in November.

Mike Baron of Baron's Major Brands said chefs from Canoe in Center Harbor and O's, restaurant in Lakeport, will be cooking with Costa on the show. Both restaurants are owned by Scott Ouellette. He said that Costa also filmed a show at Baron' Salem store in May 2006, when the company celebrated the grand opening of its Living Kitchen. The **Belmont** showroom was recently expanded to 8,000 square feet and features a line of new appliances.
