

Paving the Winni Trail

Paving for the Lake Winnisquam Scenic Trail was operated by R&D Paving of Franklin during the beginning of last week. The trail stretches from Belmont Town Beach to Osborne's Agway in Belmont, and is expected to be expanded in due time to connect with Tilton and later Concord. Rick Ball, land use technician for the town of Belmont, said that the paving has gone perfectly and according to plan. (Alana Persson/Laconia Daily Sun)
