The Town will be conducting a partial update of assessed values in 2017; the update will primarily focus on our mobile home parks and a full revaluation will take place in 2019. Further information will be included in future newsletters, on the town’s website and on the Selectmen’s Facebook page when available.

IT is the LAW! (RSA 466:31 II (c))
Our message to all Dog Owners is to remind you of the importance of picking up your dog’s waste from property not your own. The town installed at three different locations, dog waste stations where you can obtain a plastic bag to pick up the waste and deposit it in the numerous garbage cans located in the Village.

Just a reminder that the Town of Belmont is an active member of Lakes Region Public Access Television which can be seen locally on Metrocast Channels 24, 25, and 26. If you are a camera buff and you have an interest in producing a show to be shown on LRPA, please contact the station at 528-3070 to discuss your idea. LRPA has made significant strides to improve programming this past year and its presence in the Lakes Region; we urge you to check out their new website at http://lrpa.org.

Town Hall will be closed on Monday, December 26th in observance of the Christmas Holiday and Monday, January 2, 2017 in observance of New Year’s.
We would like to pass along some Holiday tips to you. There are a few things you can do to help keep your package deliveries safe this season. Most shippers are able to ship the package where you will be during the day instead of where you aren’t. Add a personal delivery message to the delivery instructions. An example would be “leave package between the rear screen doors please.”

Enlist the help of neighbors to help hold your delivery until you get home. Then make the same offer to help them. Sign up for package tracking and delivery status. It’s usually free and easy to use. If you do suspect theft of a package report it immediately to the shipper, the delivery company and to the police. If you are going to be away this holiday season don’t forget to stop your newspaper and mail delivery. Don’t let mail sit on your porch or door step it is an easy sign for thieves to realize the home is unattended.

Have a friend or neighbor keep an eye on the residence for you by driving by on their way to or from work. Encourage your neighbor to randomly park their car in your driveway while you are gone. Place at least one light on each floor or in two different areas of your home on a timer. Ask the neighbor to put one of their trash barrels at the end of your driveway when they bring theirs down, it gives the appearance of daily routine.

If it snows arrange to have the driveway plowed. Nothing screams we are not home like a snowed in home entrance. Make sure all windows and doors are locked even ones on higher elevations. Criminals are very resourceful and second floor balconies and windows are often used as methods of illegal entry.

With electronic technology readily available at reduced costs from what they were just a few years ago you should consider home monitoring cameras. Most have Wi-Fi capability allowing you to receive alerts directly to your phone. If there is an intrusion you can give local police valuable information as you will be seeing inside your home in real time. Place one camera to get a driveway view so you can see the type and color of a vehicle that may be there at the time of an intrusion notice.

Everyone’s lives seem to be on social media. The best advice is to wait to post vacation pictures and your activity blogs until after your vacation. Advertising to hundreds of people you are out of the State or out of country is always a risky thing to do.

The Belmont police has a property check program in place that residents can use to let us know you are away. We will ask for some basic information about the home, cars in the yard, light’s that may be on timers and your contact information. We then add your address to our patrol schedule and keep an extra set of eyes out while you are away.

If you have any questions about this article or need additional information please call us at 267-8350.

Belmont Parks & Recreation

Preschool Playgroup

December 1-22, 2016
Thursdays
10:00AM—11:00AM
Parks & Rec Function Room
Residents—FREE
Nonresidents—$2 per day

Preschool children ages 2-5 years old will enjoy a fun filled hour playing games and interacting with other children. Parents are encouraged to join in the fun. Activities will be organized by our instructor Nicole Sturgeon who has an associates degree in early childhood education. Children should bring a parent or guardian, sneakers and something to drink. This program is free to residents of Belmont with proof of residency required. Non-residents can participate as space allows. The class will be held at the Belmont Parks and Recreation Function Room, 2nd floor of the Belmont Mill.

Our program is canceled on Belmont School delayed entries or closures.

Advanced registration is required and space is limited with preference given to Belmont residents.

Registration Forms:
www.belmontnh.org

Belmont Parks & Recreation

Gunstock Ski & Snowboard Outreach Program
January 8, 15, 22, 29, 2017
Make-up: February 5, 2017

Outreach Program: 4 Weeks
$105—Belmont Students K-12
$115—Non-Resident Students K-12
Chaperones participate for FREE!

Our program is open to all school age students; kindergarten to 12th grade. We offer a chaperoned program or participants can ski or board on their own providing their own adult supervision. The chaperoned program is offered on Sunday’s from 12:00PM to 4:00PM. Our chaperoned groups are usually 3-4 for the younger children and up to 6 in a group for older children. Children are grouped by ski/snowboard level. Students in 8th-12th grade will be allowed to ski with at least 1 friend (also enrolled in the program), and will be required to check in with a chaperone periodically. Children must be able put on and take off their own equipment in order to be in the chaperoned program. This year one lift ticket will be issued for the length of the program, for use ONLY on program days. If you do not require a chaperone you can arrive anytime on Sunday for independent skiing or boarding. The program includes a 1 hour lesson each week that is optional but recommended for all participants. Chaperones’ will be needed for this program and if selected will ski or board for FREE! Non-skiing chaperones are also needed for the program to act as lodge parents. Gunstock has rental packages available for purchase when you register for the program. There are a limited number of scholarships available, please ask for more information.

Registration for the program will be done in two parts; online with Gunstock and by completing a registration form required by Belmont Parks and Recreation including the additional program fee. Complete registration information is located on our website.

The deadline to register for this program is Tuesday, November 15, 2016.

After November 15th there is a $25 late fee per participant.

FLEX PASS: Available to any Outreach participant and their immediate family members is a $25 Flex Pass (normally priced at $50) per person. A Flex Pass allows the individual card holder to purchase any regularly priced primetime or night lift ticket for half price, any day of the week - ALL SEASON LONG. Flex Passes are NON-TRANSFERABLE.

END OF SEASON PASS: February 27, 2017 Outreach participants can purchase an end of season pass for just $79 per person.

Registration Information:

Cross Country Ski Lessons
at Bolduc Park

January 7, 14, 21, 28, 2017
Saturdays
10:00 AM - 11:00 AM
$40 with own equipment
$70 with rental equipment

Belmont Parks and Recreation is offering Cross Country Ski Lessons at Bolduc Park in Gilford on Saturdays for 4 weeks. The program is for adults and youth with their own equipment or with rental equipment available from Piche’s Ski Shop in Gilford. Lessons start at 10:00AM, renters should pick up equipment at Piche’s at 9:00AM before arriving at Bolduc Park. In the event a day is cancelled due to weather, it will be made up the week(s) following the program. Bolduc Park is located at 282 Gilford Avenue, Gilford NH.

Space for this program is limited.

Registration forms are on our website:

Kirsten Raymonde will never forget the night Arthur Leander, the famous Hollywood actor, had a heart attack on stage during a production of King Lear. That was the night when a devastating flu pandemic arrived in the city, and within weeks, civilization as we know it came to an end.

Twenty years later, Kirsten moves between the settlements of the altered world with a small troupe of actors and musicians. They call themselves The Traveling Symphony, and they have dedicated themselves to keeping the remnants of art and humanity alive. But when they arrive in St. Deborah by the Water, they encounter a violent prophet who will threaten the tiny band’s existence. And as the story takes off, moving back and forth in time, and vividly depicting life before and after the pandemic, the strange twist of fate that connects them all will be revealed.

SHAKER REGIONAL SCHOOL DISTRICT IS NOW SB2

In March 2016, the residents of Belmont and Canterbury voted to adopt the rules and regulations of SB2, changing the budget process from the traditional town meeting to the official ballot referenda.

What is the official ballot referenda?
It is a form of town meeting that has two sessions. The first session (deliberative session) is for explanation, discussion, debate and amendments to the proposed operating budget and warrant articles. The second session (voting session) allows voters to cast their votes for local elections and all warrant articles.

Why is it referred to as SB2?
The original bill proposing the official ballot referenda was Senate Bill 2 in 1995. Legislation in 2000 made “SB2” the official name for this official ballot referenda form of government.

How will the meeting change? Can opinions still be voiced?
There are a few significant changes that occur. First is the creation of a second session specifically for voting. The deliberative session (first session) is similar to the traditional town meeting but is held earlier. During this meeting, all articles can be explained, discussed, debated and amended. The articles as presented or amended will be placed on the official ballot and voted on at the second session. Most SB2 school districts hold their first session in late January to early February and voting in March (second session). Another change is the procedure for adopting the budget. The article proposes an operating budget and a default budget (should the proposed operating budget fail). Special and individual warrant articles are separate from the operating budget as prescribed by RSA 40:13, IX. A hearing on the entire budget and default budget must be held prior to posting the warrant and budget in accordance with RSA 40:13, II-a through II-d.

What is a default budget?
A default budget is the budget that is adopted if the proposed operating budget fails and a special meeting is not called to reconsider the operating budget. The default budget is the same as last year with certain adjustments. The calculation must be disclosed on a special default operating budget form showing last year’s operating budget with adjustments made per RSA 40:13, IX (b).

What if the proposed operating budget fails?
If the proposed operating budget fails, the default budget is adopted unless the governing body decides to hold one special meeting to address a revised operating budget. See RSA 40:13, XI.

Who calculates the default budget for SB2 school districts?
The local governing body (school board) calculates the default budget.

What are the important dates for the Shaker Regional School District 2017-2018 budget process?
December 12, 2016............ Public Hearing: 6 PM at Canterbury Elementary School
December 19, 2016............ Public Hearing: 6 PM at Belmont Middle School
February 8, 2017............. Deliberative Session (first session): 6 PM at Belmont High School
March 14, 2017.............. Voting by Ballot (second session): 7AM-7PM at Belmont High School

http://revenue.nh.gov/mun-proc/municipal/sb2-assistance.htm
Season’s Greetings Fellow Belmontians!

We hope that this newsletter finds you all happy and well this month.

We did it!! The Presidential election is over! The ballots are cast and the votes are in. We had a great turnout at the election, 3,765 voters came out to the polls to vote including 405 newly registered voters in town. We want to extend a heartfelt thank you to our Selectman for their presence throughout the entire election, the Belmont Police Department for their help with crowd control, the Belmont High School’s maintenance crew for setting us up for success, and all the poll workers for a job well done!

‘Tis the season for property taxes. The second issue property tax bills are due on Monday December 5th. This bill covers the period of October 1st through March 31st. So far this year, we have already collected about 2 million dollars of the second issue tax bill as well as about 8 million dollars from the first issue! Way to go!! You can mail your check in with your payment slip, visit our town website www.belmontnh.org and make your payment online through your checking account or with your credit/debit card (please keep in mind that if you use a card, an additional 2.79% convenience fee is added to the total by the card processing company) and of course you can always bring your payment down to the office.

As a reminder, Town Hall will be closed on Monday December, 26th and reopening Tuesday December 27th at 7:30 AM.

The New Year brings with it a chance to start fresh, set some resolutions, make changes to one’s self, as well as renew your dog’s license and boat registrations! Dog licenses are due for renewal by April 30th every year. Boat registrations run from January 1st until December 31st.

We hope everyone enjoys a happy holiday season and look forward to a sparkly new year!
Applications

**Planning Board**
- **Terra Firma Real Estate:** Approval of one-year extension of subdivision approval to re-subdivide 5 lots into 36 building lots and open space, Upper Parish Settlement Drive.
- **Winnisquam Marine, Inc.:** Tabled to the January 23, 2017, meeting.
- **Realty 106 Realty Trust:** Approval of a site plan for a self-storage facility, 36 Laconia Road.

**Zoning Board of Adjustment**
- **Gary Francke:** Approval to construct a deck closer to the front property line than allowed, 297 Ladd Hill Road.

Other Land Use News

**Zoning Amendments:** The Planning Board has been reviewing several matters related to the Zoning Ordinance and has scheduled a first public hearing to inform voters and obtain their valuable input. The public hearing is scheduled for Monday, December 19, 6:30pm, at the Corner Meeting House. Interested parties are encouraged to attend. Handouts explaining the proposals will be available on line and at the Town Hall no later than Thursday, December 8th.

- **Commercial Gateway Zone:** Recently the Planning Board has discussed a change in the Zoning Ordinance to enhance the benefit of commercial development in and near Laconia Road (Rte 106). Their proposal is to add a Commercial-Enhanced Zone on Prescott Hill. A new zone will allow and encourage more aesthetic development at the gateway point into Belmont from Laconia. As industrial development declines in NH, it is important to maximize the benefits of commercial development in the community; benefits that can be shared by the residents, the taxpayers and the property owners. The availability of municipal utilities (water and/or sewer) can increase the attractiveness of property for valuable development, but the Board does not support that taxpayer money be used to fund the initial extension of municipal sewer and/or water along Rte 106 without any indication that it would be successful in attracting quality commercial development to this area. Many of the lots in this immediate area are for sale, are vacant or are presently underused; several are already served by sewer. Others in the immediate area have already made quality investments in their development; Opechee Corp’s three stellar buildings along Corporate Drive, The Center for Contemporary Dentistry, Irving Oil, and Lakes Region Community College. The continued quality development of this area would be a strong indicator of investor interest in this corridor. But time to propose zoning changes for the upcoming town meeting is limited and it is important to have owner input into this proposal. The Board has drafted a preliminary proposal to create a separate commercial zone in this immediate area. This will allow them to reach out to property owners with details of what might be of benefit to them to consider. To encourage further quality development in this area, the proposal would reduce the number of permitted uses, focusing on development that would complement this trend. For existing lots that already have permitted uses, those uses would be grandfathered, but the Board hopes to work closely with property owners to understand that developing their lots in compliance with the proposed amendment could significantly increase the value of their properties while providing benefits for the community and region. The Planning Board expects changes will be made to this proposal based on input from property owners and the community at large. The purpose of the proposal as currently drafted is to provide an example of the changes the Board is considering.

- **Frontage/Access:** An amendment to allow alternate driveway access to a lot where conditions warrant. Under the current Ordinance, a lot must be accessed over that lot’s legal frontage. The amendment would allow application for a conditional use permit to access from another location under certain circumstances (e.g. environmental impacts, traffic safety).
• **Accessory Dwelling Units:** An amendment of the existing Accessory Dwelling Unit (Apartment) Ordinance to comply with recent changes in the State Statute. Belmont’s existing Ordinance is very nearly compliant with the new law, but changes are proposed related to the maximum apartment size, the method by which the apartment is attached to the primary dwelling unit and requiring an interior door between the primary and accessory units.

• **Sign Ordinance:** An amendment of the existing Sign Ordinance to comply with the US Supreme Court decision, Reed v. Town of Gilbert. Compliance requires the Town to regulate signs in a content-neutral manner to avoid restricting free speech.

• **Rezone two lots:** An amendment requested by the property owner to rezone all of tax lot 236/015 and part of tax lot 123/027 located on Dearborn Street from Industrial to Rural.

Once the Board receives comments at the December 19th public hearing, they will determine what changes will be made to the initial proposals and schedule one additional public hearing. However, by State law, no further changes can be made to the proposals once they have posted the notice for that second public hearing; so it is imperative that all comments and suggestions be made to the Board no later than the public hearing on December 19th unless the comment period is extended by the Board on the 19th.

There is no opportunity for the Board to make changes based on the second public hearing. The only action the Board can take at the second public hearing is to decide which proposals, as noticed, will be put before the voters.
