Upcoming

We are very excited to begin 2019 and look forward to the many celebrations planned in honor of Belmont’s 150th Birthday. Please join us on Sunday, December 2nd for a “Holiday Gathering in Belmont” featuring the Windham Swing Band. The event will be held in the Belmont High School Cafetorium beginning at 2:00 p.m. There will be a Trifle Dessert Bar with an array of delicious cakes and mix-ins!

The Budget Committee will be holding a Public Hearing on the proposed 2019 budget on Tuesday, January 8th beginning at 6:00 p.m. at the Corner Meeting House. The meeting will be live on https://livestream.com/belmontnh.

The Facility Strategy Committee will hold an informational meeting on Thursday, January 10th at the Belmont High School beginning at 6:30 p.m. to review the work completed on the Town’s space needs. A postcard will be sent in early December to remind everyone of the meeting date and time. The snow date has been set for January 24th.

Property Revaluation

Just a reminder that KRT Appraisals staff is in the community conducting a measure and list of residential and commercial property. Their staff have identification badges and carry letters from the Town explaining the Measure and List project. Any questions regarding the process can be directed to Alicia Jipson, Assistant Town Administrator/Assessing Administrator at 267-8300 Ext. 118. The Revaluation is scheduled to be in 2019. New property values will be established and notification will be sent to every property owner regarding their new values.

Following is a link to a video developed by our recycling vendor to help us recycle better. Better recycling leads to lower costs for trash disposal as whatever we can remove from the trash stream reduces the tonnage we pay for. Your help is needed! www.bit.ly/recyclebetter

The Casella site on Route 140 is open on the 2nd Saturday of the month from 8 am to 12 noon to take your bulky and other non-trash items. Please check with the attendant regarding any fees due at the time of disposal.

Job Opening

The Town of Belmont has an immediate opening for a Building and Grounds Maintenance Worker. The Building and Grounds Maintenance Worker performs various maintenance tasks including building maintenance, painting, mowing and lawn care, regular and seasonal cleanup, snow removal and other such duties and tasks as assigned. This is a full-time position with excellent benefits.

The successful candidate will be:

Knowledgeable in building repair and preventative maintenance techniques, including painting, carpentry, plumbing, electrical and mechanical skills.

Able to perform manual work in the care, cleaning and maintenance of all Town buildings and common areas.

Knowledgeable in safely performing snow removal, salting and sanding and related operations under various severe weather conditions.
December 2018

Able to work alone or with others and to work with minimal supervision (must be a responsible, responsive, reliable worker) and ability to tactfully work with the public and volunteers.

Able to be flexible in a changing work environment.

High School Diploma or equivalent, Building Maintenance and Grounds keeping experience is highly desirable.

Possession of a valid driver’s license with a safe driving record.

Applications and a complete copy of the job description are available at the Town Hall at 143 Main Street, Belmont NH or email a resume’ and cover letter to townadministrator@belmontnh.org. Position will remain open until filled. The Town of Belmont is an Equal Opportunity Employer.

What’s Flushable or Not

We continue to stress the importance of the “Not everything is flushable”, please check out the “Do Not Flush!” list to protect your sewer and septic system. A “Flushable” label does not mean it is SAFE for your septic system or the Town’s sewer. Please read the brochure we have included on the Town’s website at www.belmontnh.org. We need your help to insure our sewers keep flowing.

IT is the LAW! (RSA 466:31 II (c)

Our message to all Dog Owners is to remind you of the importance of picking up your dog’s waste from property not your own. The town installed at three different locations, dog waste stations where you can obtain a plastic bag to pick up the waste and deposit it in the numerous garbage cans located in the Village.

Just a reminder that the Town of Belmont is an active member of Lakes Region Public Access Television which can be seen locally on Metrocast Channels 24, 25, and 26. If you are a camera buff and you have an interest in producing a show to be shown on LRPA, please contact the station at 528-3070 to discuss your idea. LRPA has made significant strides to improve programming this past year and its presence in the Lakes Region; we urge you to check out their website at http://lrpa.org.

Selectmen’s Meeting Schedule

Our meeting agendas are posted on the Town’s website at www.belmontnh.org, and on Facebook. We encourage you to attend our meetings or watch us live on https://livestream.com/belmontnh.

We would like to urge you to encourage your friends and family to sign up for the Town’s monthly newsletter by sending your contact information to townhall@belmontnh.org. Your help in spreading the word about our newsletter would be greatly appreciated.

The Town Hall will be closed on Monday, December 24th and Tuesday, December 25th for the Christmas Holiday; we will reopen on Wednesday, December 26th at 7:30 a.m.
Merry December fellow residents of Belmont!!

Our State General election went off without a hitch. We saw so many faces at the polls this year with a turn-out of over 2,700 voters. We want to extend a heartfelt thank you to

Our Selectman for their presence throughout the entire election, the Belmont Police Department for their help with crowd control, the Belmont High School’s maintenance crew for setting us up for success, and all the poll workers for a job well done!

The second issue tax bills are in mailboxes now. The second issue covers October 1st – March 31st. As always, you can mail in your payment stub and check, stop by our office to drop off your payment, or pay on our town website, www.belmontnh.org. Please keep in mind that if you choose to pay on our website, there is a convenience fee added to your transaction. We can accept credit cards for payment but there is a 2.79% convenience fee that is added to the total payment.

Our fourth issue water/sewer bills will be hot off the presses this month as well. The fourth issue covers the months from September-November and will be due in January.

‘Tis the time of year to start thinking about those New Year’s resolutions and setting goals to crush after the first of the year. We hope that renewing your dog’s license is among them. As long as your pupper’s rabies shots are up to date, you can renew the license online or stop by the office and take care of it. We always have a treat for well-behaved furry visitors to our office!

*We wish everyone a Merry, Merry Christmas and a Happy New Year!!*
The Winter Season Is Upon Us

Belmont Police Department

Captain Richard Mann

The Town has a few ordinances in place that we feel should be brought to everyone’s attention. The winter overnight parking is in effect.

No vehicle is permitted to park on any Town Road overnight from now November 15th through April 30th. The parking ordinance allows for unobstructed snow removal operations. Fines start at $50 and the possibility of a vehicle obstructing snow removal being towed at the owner’s expense is a possibility.

Homeowners and private hire snow plow operators should know that “Snowplowing across Town roadways” is a violation of the Town Ordinance. Of course we understand that in some instances in order to plow your driveway sometimes you must push snow out of your driveway and across a Town Road.

Your responsibility is then to run your plow blade across the Town road to remove the snow lines left there from your having just plowed across it. The fine for an individual who leaves or blows snow from a snow blower onto a Town Roadway is $100, for any business it’s $500.

Snow atop vehicles in motion on any roadway (otherwise known as Jessica’s Law) as listed in New Hampshire State Motor Vehicle Statutes as Negligent Driving,

(NH RSA 265:79-b, Whoever upon any way drives a vehicle negligently or causes a vehicle to be driven negligently, as defined in RSA 626:2, II(d), or in a manner that endangers or is likely to endanger any person or property shall be guilty of a violation and shall be fined not less than $250 nor more than $500 for a first offense and not less than $500 nor more than $1,000 for a second or subsequent offense.)
Jessica’s Law includes any visual obstruction to the driver to include snow, frost or ice. Below you will see some examples of Jessica’s Law violations.
Police Department News

Speaking of snow we would like to throw “a plug” in for our brothers at the Fire Department.

They would tell you that keeping your fire hydrants clear of snow is money in your bank, literally. If you can take a moment to clear out the neighborhood fire plug when you are shoveling or snow blowing it very well may save a life.

Any time they must spend when they arrive at a fire should not be on digging through three storms of snow trying to locate a water source, then trying to dig it out to get the covers lower hydrant covers off to set up connections for water hoses, all the while your home or business is in jeopardy.

The Town web site lists all of the Town Ordinances should you want to read them in their full context.

If you have any questions about the Town Ordinances or how the State motor vehicle laws may affect you please feel to speak to one of your Belmont officers at 267-8350.
Effective January 1, 2018, fireworks permits will need to be picked up in order to display fireworks shows on Belmont property. Applications will be made available online for individuals to fill out to apply for this permit. Those requesting a permit must be 21 years of age or older, have a valid photo ID (driver’s license, non-driver’s license, passport, etc.), be the property owner (or obtain written consent from the property owner allowing the ignition of the fireworks display on their property), submit a site plan of the ignition site, and must notify all abutting property owners of the time and date of the fireworks display. Once the application has been filled out and those requirements have been met, individuals may stop by the Fire Station between 7:00am and 7:00pm Sunday through Saturday to apply for this permit. Upon the availability of the Fire Department personnel, a department member will go and inspect the ignition site and issue or deny the permit based on their findings. Keep an eye out for reminders of this new ordinance as the new year approaches.
On Sunday, October 28th, Belmont Fire Department, along with Gilmanont Fire, Barnstead Fire and Alton Fire, participated in a live burn drill. This training gave excellent hands on experience for the members of our department to learn in a controlled environment.
Highway Department News

We here at the highway department hope you all had a safe and pleasant Thanksgiving holiday. As you all know November has been a very busy month for us. We have already plowed three major storms and treated the roads on several different occasions. The early approach of winter, along with the numerous days of rainfall this fall, has made it difficult to accomplish some our fall projects we had planned to do. We all wish you safe traveling throughout the holidays and the New Year.

Your DPW crew takes pride in maintaining our roadways to be as safe as possible. Please remember in order for them to do their job, right of way should always be given as with any emergency vehicle. Its always wise to slow down, leave a little early and arrive to your destination safely. We thank you all for your cooperation!

WINTER SAND

For your convenience, winter sand will be available at the highway garage located at 149 Hurricane Rd. during our normal hours of operation. Monday – Thursday 6:30 – 4:00 Friday – 6:30 -10:30 . Please try to plan ahead as our facility will be closed otherwise.

We have a 3 - five-gallon pail limit and appreciate your cooperation. Our public sand pile is located near the entrance to avoid interference with our day to day operation. If you have a large driveway and are in need a large quantity of sand, many local vendors can accommodate you. Thank you for your understanding!

OVERNIGHT PARKING

A parking ban will be in affect starting November 15th until April 30th. Overnight on-street parking will not be allowed during this time.

PARK AND RIDE

The Park and Ride has a 72-hour parking limit. If you must park there during a storm, we ask that you park in the rear of the lot. This makes it much easier for us to maintain it for other users. Thank You!
Planning and Zoning News

Look For An Evergreen Day
December 19, 2018

Application Review Committee
Debbie Magee: Review for subdivision proposal to subdivide one lot into two lots (Minor Subdivision). Property located at 434 Jamestown Road, Tax Lot 118-014-000-000.
Mammoth Acquisition Company LLC: Review for site plan and subdivision proposals (Minor Subdivision and Zoning Use Hospitals/Clinics). Property located at 73 Daniel Webster Highway, 201-029-000-000.

Planning Board
Andrew Grant/Meagan Benoit and Jon & Tracy Rich: Approval of one-year extension of previously approved Boundary Line Adjustment to transfer 10 acres from tax lot 215-007-000-000 to 212-067-003-000. Properties are located at 333 & 389 Province Road.
First Baptist Church of Belmont: Approval for Site Plan approval convert single-family residence to Thrift Shop and Food pantry. Property located at 45 Church Street, Tax Lot 122-021-000-000.
Jason Drouin Custom Homes LLC: Plan submission and public hearing for a second story on part of existing structure (40’ x 80’) permitted as Contractor’s Yard (building contractor with cabinet shop) tabled to January 28, 2019. Property is located at 15 Durrell Mountain Road, Tax Lot 212-008-000-000.
603 Storage: Plan submission and public hearing for approval to construct 20,000sf self-storage buildings (warehousing/self-storage interior) tabled to January 28, 2019. Property is located on Gilmanton Road, Tax Lot 122-056-001.

Why Test?

Unhealthy levels of contaminants are common in many private wells in New Hampshire. Some of these contaminants have been linked to cancer and other diseases. Most have no taste, smell, or color. It is important to periodically test well water to ensure it is safe to drink.

Conservation Committee News

More Information

For information about testing your well water, treatment options or accredited laboratories in New Hampshire, visit the NHDES website.

Go to the A to Z List and select “Private Well Testing” or “Water Well Testing.”

NHDES Drinking Water and Groundwater Bureau
29 Hazen Drive; PO Box 95
Concord, NH 03302-0095

What’s in Your Water?

This brochure was produced in partnership:

New Hampshire Environmental Services

www.des.nh.gov

NH Division of Public Health Services

www.dhhs.nh.gov/cdphs/lab/index.htm
**Conservation Committee News (Cont.)**

### HOW TO TEST

1. **Order a kit** from an accredited laboratory to sample your water. The New Hampshire Public Health Lab has an online container request form, as do some other labs.
2. **Follow the instructions** included in the kit to sample your well water and send back the water sample(s) immediately to the lab.
3. **Review the report from the lab.** Any contaminants that may affect your health or your home appliances will be highlighted.

### HOW TO TREAT

If the lab report indicates there is a contaminant in your well water in amounts greater than state or federal health standards or recommended action levels, you should take steps to fix it.

Using NHDES' Be Well Informed web tool, you can enter results from your lab report and get recommendations for appropriate treatment options, if needed.

NHDES also has fact sheets on its website covering all common water quality problems and their solutions. Before making a decision, consult a water treatment professional.

### WHEN TO TEST

NHDES recommends that prospective homebuyers test the water in a home with a private well before purchase.

Water quality in properly located and constructed wells is generally stable, and if a change is going to occur, it occurs slowly. Thus, NHDES recommends standard and radiological analysis testing every three to five years. Bacteria and nitrate are exceptions; you should test for them every year.

The following conditions would call for more frequent testing:

- Heavily developed areas with land uses that handle hazardous chemicals.
- Recent well construction activities or repairs.
- NHDES recommends testing for bacteria after any well repair or pump or plumbing modification, but only after thorough flushing of the pipes.
- High levels of contaminants found in earlier testing.
- Noticeable changes in the water, such as a change in taste, smell or appearance after a heavy rain, or an unexplained change in a previously trouble-free well.

### WHAT TO TEST FOR

#### STANDARD ANALYSIS

This covers the most common contaminants. Some of these pose health concerns while others only affect taste and/or smell. Find water quality standards on the NHDES Drinking Water and Groundwater Bureau website.

- Arsenic
- Bacteria
- Chloride
- Copper
- Fluoride
- Hardness
- Iron
- Lead
- Manganese
- Nitrate/Nitrite
- pH
- Sodium
- Uranium*

*Uranium is part of both the standard and radiological analysis packages at the State of NH Lab.

#### RADIOLOGICAL ANALYSIS

Rocks in New Hampshire contain naturally-occurring radioactive elements that dissolve easily in water. Radiological analysis includes tests for uranium, analytical gross alpha and radon.

A radon air test is also advisable since the greatest exposure risk is through inhaling air with elevated concentrations of radon gas. Radon test kits are available from the National Radon Program Services and at home improvement stores.

#### ADDITIONAL TESTS

Tests for pesticides, herbicides or other synthetic organic compounds (SOCs) may be a good idea if your water has elevated nitrate or nitrite concentrations, or if significant amounts of pesticide have been applied near your well.

Learn about per- and polyfluoroalkyl substances (PFAS), which have recently been found in New Hampshire's water, on the NH PFAS investigation webpage.
Community Meeting to Discuss Town Building Study and Options

>Community Meeting on January 10th 6:30-8pm at Belmont High School (January 24th Snow date)

A Community Meeting on Belmont Town Buildings is scheduled for Jan. 10th from 6:30-8pm at Belmont High School. This meeting will focus on options to meet Belmont's future Town building needs. Belmont residents and landowners are being asked to help select the best option for future use of Town buildings considering space needs over the next 20 years. The meeting will include a Town Building Study update followed by a listening session and discussion to receive feedback on several options to meet future needs of the Police Department and Town Hall programs. Input from the community will help guide the next steps in the study. A postcard is being sent to Belmont residents to invite the community to participate in this meeting. A snow date of January 24th has been identified to ensure that this key meeting has good participation.

The Belmont Community Meeting in January is the next key step in developing a long term strategy for Belmont Town buildings. Last March, Belmont voters approved funding to conduct a Town Space and Feasibility Study. This study focuses on the Police Department and Town Hall functions (Administration, Clerk's Office, Land Use, Parks & Recreation and Welfare & Public Assistance Departments). Lavallee/Brensinger Architects (LBA) is the firm selected to do this work. The Belmont Facility Strategy Committee, a citizen group authorized by the Town Selectmen in 2017, requested the study to fill in key information gaps. Past studies and projects provide good information about the Belmont Mill and other Town buildings.

Lavallee/Brensinger Architects developed space projections for Belmont’s Town Hall and Police programs for the next 10-20 years working with input from Town staff and Facility Committee review. LBA and its subcontractors conducted a structural, electrical and building systems of the Police Station and Bank Building. This information along with existing available studies for the Belmont Mill, Town Hall and Corner Meeting House will be used in developing options for meeting future Town building needs. This information will be available to the public prior to the Community Meeting. During the Community Meeting, LBA will provide a series of options to consider for use of Town buildings based on space needs and estimate potential cost of these options.

For those who have not had an opportunity to tour the Belmont Town Hall and Police Station, Lakes Region Public Access Television is preparing a video from a 2018 public tour to provide a “virtual tour” of these buildings. A series of news updates are planned during December to inform the community about the Belmont Space and Feasibility Study and the options being considered for meeting future needs of Town programs. Reports will be posted online in December. Committee members are available to answer questions about the study and next steps. When recommended options are refined with projected costs, the Community meeting will be used to draw input from the public on options to meet future Town facility needs that merit more in depth study.

More information on Belmont’s Facility Study and the Community Meeting will be posted on the Belmont Town website. Belmont Facility Committee members include; Tom Garfield, Donna Hepp, Carmen Lorentz, and Pret Tuthill.
### December 2018

**The FRIENDS of the Belmont Library are selling raffle tickets for a drawing at the end of November.**

**One ticket for $5 or 3 for $10**

LEGO Build

Saturday December 1 from 10am-noon
Drop in to create with other LEGO fans!

NonFiction Book Group
Thursday December 13 at 1pm
This new group will be trying an eclectic variety of non-fiction. This month’s selection is The Lighted Heart by NH author, Elizabeth Yates.

Explore Creativity
This month’s meet-up has been postponed due to the carpet installation. We will meet again in January.

Fiction Book Group
The Fiction Book Group has been invited to join the Senior Center Book Group for December as the library will be closed for carpeting.

Middle School Madness
Middle School Madness will be postponed during the carpet installation. We will meet again in January to work on vision boards.

Senior Center Book Group
Tuesday December 18 10:30am
Meet at the Senior Center to discuss this month's book: Seven Days of Us by Francesca Hornak. Copies are available at the Belmont Senior Center and at the library.

Family Storytime
Wednesdays 10:30 am December 5, 12, 26
A program for children of all ages, featuring books, movement, music, science activities, and crafts to encourage early literacy skills.

The Library will be closed for new carpet installation from Friday December 14 – Friday December 21. We will reopen on Saturday December 22 from 9 am – 1 pm.

The Belmont Public Library was established in 1893. The library moved into its current home on February 4, 1928. We will be celebrating this special anniversary throughout 2018.
Dudley is, to the best of our knowledge, a Newfoundland - retriever mix who had his beginnings at an Arkansas kill shelter. Fortunately, he was rescued by a small non-profit organization in New Jersey. His picture was published online at PetFinder and there was no question that the long drive from NH to NJ was worth the trouble to bring this twelve week old twelve pound pup home. Now, at ten years old, he weighs about 85 pounds. His favorite pass times are, sleeping, swimming, playing catch, eating, riding in the car, and did I say sleeping? He’s a traveler and has visited thirty five states, two provinces, and (of course) two countries as well as having dipped a paw in the Atlantic and Pacific Oceans. Before his knees became troublesome he summited numerous New Hampshire high peaks. In all that traveling he has never met a human or dog he didn’t like. As an “old-timer” for dogs of his size, he suffers from many of the same physical ailments many humans are subject to as we grow older. But as surely as his mobility deteriorates, so does his loving and gentle spirit increase. He’s the embodiment of “man’s best friend”

Submitted by John Froumy.

Would you like to see your pet here? Just send a picture to Kathy at townhall@belmontnh.org along with their name and yours, as well as a brief description of your pet and their favorite pastime. They will be posted in the order received.
December 2018

**Holiday Gathering**

**Sunday, December 2 at 2:00 pm**

At Belmont High School in the Cafetorium. Enjoy a Trifle Dessert Bar and the upbeat sounds of the Windham Swing Band.

---

**March 2019**

*Performance by the 12th NH Regiment Serenade Band*

**Sunday, March 24 at 2 pm at the Corner Meeting House**

The 12th NHV Regiment Serenade Band recreates a typical small brass band that was a standard part of a Civil War Regiment. The musicians, performing period music on period instruments, appear in typical Union Army uniform and dress of the day.

For more information, please visit their website at [http://www.12thnhserenadeband.org/](http://www.12thnhserenadeband.org/)

**April 2019**

*Grilled Cheese Kid’s Night on Friday, April 12, 2019*

*Celebrate National Grilled Cheese Day!*

Save the date for yummy grilled cheese and children’s entertainment
