BELMONT
1869-2019

Town Administrator’s Monthly Report

Upcoming

Effective January 1, 2019, anyone wishing to display or possess NH Permissible fireworks will need to obtain a permit from the Belmont Fire Chief or his designee.

The Budget Committee will be holding 2 Public Hearings on the proposed 2019 budget on Tuesday, January 8th and January 15th beginning at 6:00 p.m. at the Corner Meeting House. The meetings will be live on https://livestream.com/belmontnh.

The Facility Strategy Committee will hold an informational meeting on Thursday, January 10th in the Café at the Belmont High School beginning at 6:30 p.m. to review the work completed on the Town’s space needs.

The Town’s Deliberative Session will be held on Saturday, February 2nd, 2019 beginning at 10 am in the Café at the Belmont High School. Copies of the proposed budget and warrant articles will be available following the Budget Hearing on January 15th and will be posted on the Town’s website and included in the February newsletter.

Property Revaluation

Just a reminder that KRT Appraisals staff is in the community conducting a measure and list of residential and commercial property. Their staff have identification badges and carry letters from the Town explaining the Measure and List project. Any questions regarding the process can be directed to Alicia Jipson, Assistant Town Administrator/Assessing Administrator at 267-8300 Ext. 118. The Revaluation is scheduled to be complete in 2019. New property values will be established and notification will be sent to every property owner regarding their new values.

Following is a link to a video developed by our recycling vendor to help us recycle better. Better recycling leads to lower costs for trash disposal as whatever we can remove from the trash stream reduces the tonnage we pay for. Your help is needed! www.bit.ly/recyclebetter
The Casella site on Route 140 is open on the 2\textsuperscript{nd} Saturday of the month from 8 am to 12 noon to take your bulky and other non-trash items. Please check with the attendant regarding any fees due at the time of disposal.

**What’s Flushable or Not**

We continue to stress the importance of the “Not everything is flushable”, please check out the “Do Not Flush!” list to protect your sewer and septic system. A “Flushable” label does not mean it is SAFE for your septic system or the Town’s sewer. Please read the brochure we have included on the Town’s website at [www.belmontnh.org](http://www.belmontnh.org). We need your help to insure our sewers keep flowing.

**IT is the LAW! (RSA 466:31 II ©)**

Our message to all Dog Owners is to remind you of the importance of picking up your dog’s waste from property not your own. The town installed at three different locations, dog waste stations where you can obtain a plastic bag to pick up the waste and deposit it in the numerous garbage cans located in the Village.

Just a reminder that the Town of Belmont is an active member of Lakes Region Public Access Television which can be seen locally on Metrocast Channels 24, 25, and 26. If you are a camera buff and you have an interest in producing a show to be shown on LRPA, please contact the station at 528-3070 to discuss your idea. LRPA has made significant strides to improve programming this past year and its presence in the Lakes Region; we urge you to check out their website at [http://lrpa.org](http://lrpa.org).

**Selectmen’s Meeting Schedule**

Our meeting agendas are posted on the Town’s website at [www.belmontnh.org](http://www.belmontnh.org), and on Facebook. We encourage you to attend our meetings or watch us live on [https://livestream.com/belmontnh](https://livestream.com/belmontnh).

We would like to urge you to encourage your friends and family to sign up for the Town’s monthly newsletter by sending your contact information to townhall@belmontnh.org. Your help in spreading the word about our newsletter would be greatly appreciated.

**NOTE:** The Town Hall will be closed on Monday, January 21, 2019 in celebration of Civil Rights Day (Martin Luther King Jr. Day).
Happy, happy New Year Fellow residents of Belmont!! We hope everyone is happy and well coming into 2019!

The time has come that we can renew dog licenses. Dog licenses must be renewed no later than April 30\textsuperscript{th} to avoid penalties. Dog owners can stop by our office and renew the license or, as long as your furry friend’s rabies information is up to date in our files, you can renew the license online or send in a check for the license as well as a self-addressed stamped envelope and we can mail the tag to you. If you are stopping by the office, we love to see people’s well-behaved pooches and may even have a treat or two hidden under the counter.

We also process new and renewal boat registrations. Swing on in with your boat renewal notice and we will get you all set up with your new decals for 2019. Keep in mind that you can also have your renewal processed at Winnisquam Marine who is our boat agent for the Town of Belmont.

The New Year also brings the opportunity to make changes, not only in ourselves but in our town. Have you ever wanted to hold a town office? Now is your time. The filing period for town offices begins Wednesday, January 23rd and runs through Friday February 1\textsuperscript{st}. If you are interested in throwing your hat in the ring, stop by the Town Clerk’s office to sign up. Our office is open Monday through Friday from 7:30AM – 4:00PM. We will remain open from 4PM – 5PM Friday, February 1\textsuperscript{st} for filing purposes only. The following is the list of offices up for election:

</table>

If you have any questions, please give our office a call or stop by.
Fourth issue water/sewer bills are due January 10th. These bills cover the period from September – October. You can mail in your payment, stop by the counter to pay, or pay on our town website, www.belmontnh.org. Please keep in mind that if you choose to use the website, there is an additional fee added to your total. We accept cash, check and card as payment however, if you use a card, there is an additional 2.79% convenience fee added to your total both online and over the counter.

At the end of this month, our office will be sending out delinquent notices. These notices are intended to make residents aware of any unpaid balances from the past year so they can get their accounts cleared up as we approach the time of the year when the Tax Collector executes the lien. If you have any questions please give our office a call.

We wish everyone a very happy and prosperous new year!!
The Dangers of Impaired Driving

Belmont Police

Captain Richard Mann

This has been a rough year here in the lakes region regarding drug use and addiction. Drug and alcohol addiction is truly a harsh and a debilitating crisis factor in this country, one of which only seems to get worse as the years go by. In addition, addiction brings with it harmful and difficult crisis issues of the very worst kind. The US government has labeled NH as one of the worst hit states of the opioid crisis on the east coast.

The problem with drug and alcohol addiction is that there are simply so many people who struggle with addiction. There are also many people, other than the addict, who experience the hardship that comes along with an addiction. Family and friends get stuck travelling along the cycle of addiction. It is often a frustrating and depressing venture trying to keep your life and the life of the addict together.

Today, a real danger of addiction is that of driving while on drugs causes fatalities every year. Drug abuse is defined simply as the act or fact of taking drugs that one should not be taking. This includes taking drugs that are illegal (heroin, meth, cocaine, PCP, marijuana, crack, LSD, MDMA, ecstasy, and others).

In New Hampshire you can be charged with driving while impaired on any substance that impairs your ability to operate. That means sleeping pills or a heavy duty cough medicine that makes you groggy could lead to your arrest if it has impaired you. Many drivers did not realize they were all over the road until a police officer stops them.

Taking any drug that you were not prescribed or self-medicating on a drug (not following the prescription’s instructions) spells bad news. Several town residents this year have been arrested and charged with felonies for possessing someone else’s prescription medication.

Driving while on drugs is one of the most dangerous things that a person can do. Driving impaired is a bad idea, to say the least, and just as dangerous and deadly for you as it is for everyone else around you.

This year we have seen a dramatic increase in impaired drivers on our local roads. We have logged over 70 impaired drivers arrested in 2018, that’s a substantial jump from the 39 impaired drivers arrested in all of 2017. Those charged include both drugged and alcohol impaired drivers. A few of those drivers were taken out of crashed vehicles.
The Effects of Drugs

The effects of drugs are such that they cause people to not be all there. Drugs and alcohol create a high, that cause people to experience certain difficulties and issues that they would not normally experience. Slow reflexes, delayed hand and eye reaction times, depth perception is altered. Drugs cause the person to fade out, both physically and mentally.

Impaired drivers are in a dulled, uninhibited, and not totally conscious euphoria that is very different depending on the drug being used and the person using it.

If you feel you left the bar or that party and you feel “buzzed” you are definitely impaired and should not drive. Make the right choice not to drive if you are impaired.

Call a taxi, an Uber or Lyft or a friend or family member to come get you.

The life you save may be your own.
On November 21st, at roughly 10:30pm, Belmont Fire was toned to a building fire at 722 Province Road. Within a very short period of time the fire went from a 1st alarm to a 5th alarm building fire, bringing roughly 20 other departments from the area to bear the bitter cold as they assisted with getting the fire under control. Our community, as a whole, was incredible! Residents and neighbors assisted with housing displaced farm animals and setting up a warming station for cold crews, businesses made coffee for our crews, as well as offered to stay open beyond closing time to assist if needed, Belmont Public works came out with an excavator and a loader to help with icy conditions and hot spots, Belmont Police Department came out and handled traffic control, a tow truck came out and towed a fire truck away, etc. It is amazing to see how fast a community comes together when an event such as this happens. Great job Lakes Region! And a huge thank you to everyone who assisted us during this incident, and to those who continue to help the family through this devastating event.
On Saturday, November 24th, BFD along with some friendly helpers, hung out at the Belknap Mall collecting donations for the Greater Lakes Region Children’s Auction. Once again, our residents, our businesses and our community as a whole, came through for this event. To help us raise $2,844.00. Thank you to everyone who donated to this benefit, whether it was monetarily, or by donating their time or food for the volunteers. Your generosity was a great way to kick off the holiday season!
Effective January 1, 2018, fireworks permits will need to be picked up in order to display fireworks shows on Belmont property. Applications will be made available online for individuals to fill out to apply for this permit. Those requesting a permit must be 21 years of age or older, have a valid photo ID (driver’s license, non-driver’s license, passport, etc.), be the property owner (or obtain written consent from the property owner allowing the ignition of the fireworks display on their property), submit a site plan of the ignition site, and must notify all abutting property owners of the time and date of the fireworks display. Once the application has been filled out and those requirements have been met, individuals may stop by the Fire Station between 7:00am and 7:00pm Sunday through Saturday to apply for this permit. Upon the availability of the Fire Department personnel, a department member will go and inspect the ignition site and issue or deny the permit based off of their findings. Keep an eye out for reminders of this new ordinance as the new year approaches.
Highway Department News

We here at the Belmont Highway Department hope you all had a safe and happy holiday season. December was an interesting month weather wise. We were very busy but had time in between storms that allowed us to catch up on some critically needed vehicle repairs. We have also been busy cutting brush along the roadsides, filling potholes and doing maintenance at the shop.

Busby Construction started the initial work on the Hurricane Rd. reconstruction. Tree and stump removal have taken place along with the completion of the survey work. Road work will continue in the Spring of 2019.

Your DPW crew takes pride in maintaining our roadways to be as safe as possible. Please remember in order for us to do their job, right of way should always be given as with any emergency vehicle. It’s always wise to slow down, leave a little early and arrive to your destination safely. We thank you all for your cooperation!

For your convenience winter sand will be available at the highway garage located at 149 Hurricane Rd. during our normal hours of operation. Please try to plan ahead as our facility will be closed otherwise.

**Monday – Thursday  6:30 – 4:00   **  **Friday – 6:30 -10:30**

We have a 3 - five-gallon pail limit and appreciate your cooperation.

Our public sand pile is located near the entrance to avoid interference with our day to day operation. If you have a large driveway and are in need a large quantity of sand, many local vendors can accommodate you. Thank you for your understanding!

---

**NO PARKING**

Parking ban will be in effect starting November 15th until April 15th overnight on-street parking will not be allowed during this time.

The Park and Ride has a 72-hour parking limit. If you must park there during a storm, we ask that you park in the rear of the lot. This makes it much easier for us to maintain it for other users. Thank You!
Planning Board

Debbie Magee: Approval for subdivision proposal to subdivide one lot into two lots (Minor Subdivision).
Property located at 434 Jamestown Road, Tax Lot 118-014-000-000.

Mark A. Mooney Rev. Trust for Christopher A. Mooney: Approval to amend subdivision condition requiring utilities to be underground. Property is located at 350 South Road, Tax Lot 244-026-002-000.

Zoning Board

Mammoth Acquisition Company LLC: Variance approval to construct a 5,000+sf commercial medical clinic building on a to-be-subdivided lot closer (15’) to the front property line than allowed (50’).
Property is located at 73 Daniel Webster Highway, Tax Lot 201-029-000-000.

Land Use Notes

During the Planning Board’s year-end discussions, the following was noted:

NH is facing the slowest population growth in a century; on track in this decade for two percent over the 2010-2017 period; being the slowest decade of growth since 1910-20.

NH has second oldest population in the Nation.

In 2016 NH had the highest median income ($76,260) and lowest poverty rate in the nation (6.9%).

Age 55 and older residents now account for 28% of the NH labor force; that age bracket accounted for only 14% just 10 years ago.

NH has had 33 consecutive months of unemployment below 3%. In 2009 employers were flooded with application for every job; now they are unable to find workers despite higher wages/benefits. One of NH’s primary focuses should be to attract young workers to replace retirees. However, NH’s older aged population and tight housing market, with first-time buyers and older “downsizers” competing in the same market puts a strain on being able to grow our workforce.

Community Meeting on Belmont Town Buildings on January 10th

Join us for a Community Meeting on Belmont Town Buildings January 10th from 6:30-8pm at Belmont High School. Light snacks will be provided.

A Community Meeting on Belmont Town Buildings is scheduled for January 10th from 6:30-8pm at Belmont High School. This meeting will focus on options to meet Belmont's future Town building needs. Belmont residents and landowners are being asked to help select the best option for future use of Town buildings considering space needs over the next 20 years. The meeting will include a Town Building Study update followed by a listening session and discussion to receive feedback on several options to meet future needs of the Police Department and Town Hall programs. Input from the community will help guide the next steps in the study. A post card was sent to Belmont residents to invite the community to participate in this meeting. A snow date of January 24th has been identified to ensure that this key meeting has good participation.

This Community Meeting in January is an essential step to develop a long-term strategy for Belmont Town buildings. Last March, Belmont voters approved funding to conduct a Town Space and Feasibility Study. This study focuses on the Police Department and Town Hall functions (Administration, Clerk's Office, Land Use, Parks & Recreation and General Assistance Department). Lavallee/Brensinger Architects (LBA) was selected to conduct this study. The Belmont Facility Strategy Committee, a citizen group authorized by the Town Selectmen in 2017 requested the study to fill in key information gaps. “We need solid space needs projections for the Police Department and Town Hall functions for 10-20 years and an assessment of Police Station and Bank Building condition to be able to develop options for the community to make informed decisions for the future. LBA has significant experience working with Town building issues like ours”, said Donna Hepp, a Strategy Committee member. Past studies and projects provide good information about the Belmont Mill and other Town buildings.

Lavallee/Brensinger Architects developed space projections for Belmont's Town Hall and Police programs for the next 10-20 years working with input from Town staff and Facility Committee review. LBA and its
sub-contractors conducted a structural, electrical and building systems of the Police Station and Bank Building. This information along with existing available studies for the Belmont Mill, Town Hall and Corner Meeting House will be used in developing options for meeting future Town building needs. This information is now available on the Town of Belmont website cover page http://www.belmontnh.org/. During the meeting, there will be a presentation on a series of options to consider for use of Town buildings based on space needs and estimate potential cost of these options. The Facility Strategy Committee is seeking feedback on which option for the Police Department and Town Hall functions to study further.

For those who have not had an opportunity to tour the Belmont Town Hall and Police Station, Lakes Region Public Access Television prepared a video from a 2017 public tour to provide a “virtual tour” of these buildings. The link to this video is https://livestream.com/belmontnh/live/videos/184122032

A series of updates are planned to inform the community about the Belmont Space and Feasibility Study and the options being considered for meeting future needs of Town programs. Committee members are available to answer questions about the study and next steps. When recommended options are refined with projected costs, the Community Meeting will be used to draw input from the public on options to meet future Town facility needs that merit more in-depth study.

For more information on Belmont's Facility Study and the Community Meeting go to the Belmont Town website under Projects/Facility Strategy. Belmont Facility Committee members include: Tom Garfield, Donna Hepp, Carmen Lorentz, and Pret Tuthill.

This beautiful girl is Abby. She passed away unexpectedly in 2018, but her birthday would have been on Christmas day. She was a cuddle bug and adored our two children. She loved to play with apples that had fallen from our tree and was a rescue that we are thankful came into our lives.

Submitted by Danielle Rice
Happy Birthday Abby!

This is Pippi (after Astrid Lindgren's Pippi Longstocking). She is almost 3 months old and is a Brittany Spaniel/German Pointer mix. She loves to play in the snow, play catch, and eat paper towel rolls. She also loves to snuggle.

Submitted by Sarah Frost

Would you like to see your pet here? Just send a picture to Kathy at townhall@belmontnh.org along with their name and yours, as well as a brief description of your pet and their favorite pastime. They will be posted in the order received.
Thank you to all who braved the weather to attend the fantastic performance of the Windham Swing Band on 12/2/18. The music was wonderful, trifle dessert bar delicious, and pictures with the 150th celebration frame priceless!
