Spring is near!

Please be patient as we start our spring clean up, this winter’s snow have buried trash and other things on our sidewalks and surrounding lawns, we will do our best to get out there as soon as possible to begin clean up. You can help by remembering “Please DO not Litter” and as always please pickup after your dog.

IT is the LAW! (RSA 466:31 II (c)

Our message to all Dog Owners is to remind you of the importance of picking up your dog’s waste from property not your own. The town installed at three different locations, dog waste stations where you can obtain a plastic bag to pick up the waste and deposit it in the numerous garbage cans located in the Village.

Just a reminder that the Town of Belmont is an active member of Lakes Region Public Access Television which can be seen locally on Metrocast Channels 24, 25, and 26. If you are a camera buff and you have an interest in producing a show to be shown on LRPA, please contact the station at 528-3070 to discuss your idea. LRPA has made significant strides to improve programming this past year and its presence in the Lakes Region; we urge you to check out their new website at http://lrpa.org.

Just a reminder that the Town Office will be closed on Monday, May 29th in observance of Memorial Day. We will reopen on Tuesday, May 30th at 7:30 a.m.

Let Freedom Ring: A Walk Through History
May 15, 2017 - Monday
$42 per person
Departing: 8:50AM
Returning: 5:40PM

Travel by deluxe motor coach to the Charlestown Shipyard an area abundant with historical elements from the beginnings of our nation to modern day. We will depart the Belmont Park and Ride at 8:50AM. Upon arrival at the shipyard you’ll have time to explore on your own in the morning. Take a walk on the nearby Freedom Trail, Bunker Hill Monument, Paul Revere Park, the Korean War Veteran’s Memorial and the USS Constitution Museum. Lunch is on your own at one of the many area restaurants. We have a group tour of the USS Constitution, currently in dry dock, scheduled for the afternoon. Cost of the trip includes the ship tour, entry into USS Constitution Museum, round trip transportation and driver gratuity. Space is limited and advance registration is required. We will be joining the Moultonborough Recreation patrons for this trip.

PLEASE NOTE: The USS CONSTITUTION is a commissioned ship in the United States Navy. It is required that all visitors pass through a security screening (similar to that of an airport) prior to boarding the ship. Visitors 18 and older must present a valid federal or state issued photo ID at the ship’s security entrance. Visitors will be asked to remove any bulky articles of clothing such as jackets, all jewelry, watches, belts, electronic devices including personal music players, PDA’s, smartphones and cell phones, camera equipment, and all bags, luggage, or backpacks so that the items may be examined.

Because the USS CONSTITUTION is a National Historic Site that is maintained in its 1812-era configuration, the ship is NOT in compliance with the Americans with Disabilities Act (ADA). While in dry dock, access to the ship will be limited to visitors who can safely walk aboard the ship unassisted (wheelchairs, walkers, strollers, etc. will NOT be allowed on board).

The USS CONSTITUTION is in dry dock for a 2 year restoration period. Therefore, dates and tour availability are subject to cancellation at any time.

“The Founding Fathers: What Were They Thinking?”

On Tuesday, May 16th, at 7 PM at the Corner Meeting House in Belmont, “The Founding Fathers: What Were They Thinking?” by Richard Hesse. In 1787 delegates gathered in Philadelphia to address a wide variety of crises facing the young United States of America and produced a charter for a new government. In modern times, competing political and legal claims are frequently based on what those delegates intended. Mythology about the founders and their work at the 1787 Convention has obscured both fact and legitimate analysis of the events leading to the agreement called the Constitution. Richard Hesse explores the cast of characters called "founders," the problems they faced, and the solutions they fashioned.

Richard Hesse is a Professor Emeritus at the UNH School of Law and has published on a variety of legal and ethical topics. His academic concentration is on state and federal constitutional law and international human rights. Hesse has been an advocate for civil and human rights for more than 50 years and was twice awarded the Bill of Rights Award by the New Hampshire Civil Liberties Union. He has served as Humanities Council speaker since the early 1980's presenting programs on The Founding Fathers, Civil Rights and National Security, Free Speech, Freedom of Religion, the United States Supreme Court, Daniel Webster, John Winant and John Marshall.

The program is funded by the NH Humanities To Go Program and is free and open to the public. The facility is handicapped accessible. Refreshments will be provided. For info: 524-8268.

Spring has sprung and the grass is getting greener!

Dog licenses were due to be renewed by April 30th… If that fact slipped your mind hurry down to Town Hall and mark that errand off your list. We give the month of May as a grace period with no extra penalties or fees to get our furry friends licensed. You can stop in our office, mail in a check with last year’s license number or (as long as your dog’s rabies information is up to date) you can go on our town’s website, www.belmontnh.org and renew the license online and we will mail the tags to you. Please keep in mind that starting in June there will be a late fee, a $25 civil forfeiture fee per dog and possible court date added to the amount of your dog’s license.

On April 25, 2017 the Town of Belmont executed the lien of any unpaid balances from 2016 for Property Taxes, Water and Sewer. This means that the amounts are now earning 18% interest and the lien is recorded against the deed to the property the outstanding balance is associated with. If you have any questions concerning your property please contact the Tax Collector’s office and we will be happy to help.

In other tax news, the 2017 first issue tax bills should be hitting mailboxes this month, so keep an eye out for those. The first issue covers April 1st through September 30th and will be due around the first week of July.

Applications

Application Review Committee

Planning Board

- Vault Motor Storage: Approval for warehousing, inside storage - not self storage- of vehicles, trailers and RVs and interior boat storage including accessory manager's apartment. Approval for impervious surface greater than 15%, Higgins Drive.
- Northland Group LLC: Approval for warehousing/self-storage with accessory office and sales; business & professional offices; contractor's yard (marine contractor); and boat storage; single-family dwelling restricted to apartment for storage business, 73 Daniel Webster Highway.

Zoning Board of Adjustment

- Jeff & Sharon Dietrich: Approval to reconstruct a two-story single family detached condominium unit closer to the lake reference line, closer to an unrelated structure and closer to a property line than allowed, but not closer in any instance than the preexisting structure, 84 Sunset Drive.
- Northland Group LLC: Approval for a single-family dwelling unit (manager’s apartment for a proposed self-storage use) and for a contractor’s yard (marine contractor), 73 Daniel Webster Highway.
- Vault Motor Storage: Approval for a single-family dwelling unit (manager’s apartment for a proposed storage facility), Higgins Drive.

Other Land Use News

As you can see from the applications just in April, storage facilities played a prominent part in our early spring development proposals similar to projects proposed and constructed in other communities.

Since 2002, a total of 121,595sf of storage has been constructed in Belmont at a total assessed value of $2.4M dollars. The Land Use Boards have also approved 229,629sf of additional storage not yet built.

Storage units vary greatly in size, some are climate controlled, most have individual rental units or spaces and one will cater specifically to high-value vehicles and provide “valet” storage where vehicles are dropped off at the door and stored by employees within a single large facility without separate units.

Along with the units themselves, the type of items and reasons for storage also vary greatly. Items can include residential or commercial items including vehicles, equipment, furnishings, seasonal or sentimental items, heirlooms and “toys”. Storage can be short-term, seasonal or long-term. Storage is used during renovations and relocating, as a result of down-sizing, saving items for the future or future generations, items “impossible” to let go of, winter items in the summer and summer items in the winter, to give seasonal home owners and returning visitors room to store locally used items, by contractors and other businesses for short-term equipment and supplies storage and for so many more reasons including “forgotten” items. Boat storage specifically is a much-needed, fast-growing business in our Lakes Region.

All but one of the Belmont projects have been new builds. However, one is reuse of an empty industrial building; a move that recognizes the continued loss of manufacturing as a viable activity in the entire region and a method of reuse which can be of much less impact to abutters.
